

Employee Portal Instructions

To view or print copies of your paystubs, you may login to your employee portal by the following:

<https://ok.wengage.com/mcalester> or by going to our website under staff resources.

If you or your principal/supervisor do not know your login, please contact the Finance Office.

After you are logged in, click on the Employee Information tab and check your personal information. If corrections need to be made, it is extremely important that you email them to Chad Gragg at chgragg@mcalester.k12.ok.us. You may then click on your paystub information.
